Standard property owners will pay a tax of 29 mills this year, which will cost the city \$16,000 for municipal expenses.

The reunion of the Confederate Veterans of the Florida division will be held in Tampa, October 21 and 22. It promises to be one of the most enthusiastic gatherings ever held in the State.

J. S. Grantham of Fort McCoy had a store broken into last Saturday night and \$45 in gold and a fine watch were stolen, besides what was in the postoffice was taken. There is no clue as yet as to who the thieves were.

Spencer Royal, a prominent young man of Arcadia, was accidentally killed Friday night while he was in the act of lowering an arc light in the principal business section. The wires were crossed, causing the full force of the current to pass into his body, causing almost instant death.

Deputy Sheriff Allen of Inverness shot and killed Will Purvey, a negro, that town, shortly after midnight Saturday. The officer was passing through the colored quarters of the town when Purvey called him and attempted to slash him with a razor. The coroner's jury exonerated the officer.

By a unanimous vote the Board of County Commissioners of Hillsborough county ordered the county attorney to withdraw the damage suits against various ex-county commissioners that county for amounts collected by them in excess of the stipulated salary allowed commissioners prior to the enactment of 1907.

Gasoline street cars are now billed in Miami and the old electric street car tracks will be put in good order. It was a source of regret in Miami that the old company had to suspend business last fall, and the fact that the car service is to be renewed gives pleasure to a large number of people in that city.

What is possibly one of the largest single shipments of cotton-seed oil made to be made this season through Gulf port is to be sent out from Pensacola during the latter portion of the month on a steamer for Rotterdam. Large quantities of cotton-seed oil cake have heretofore been exported through Pensacola, but no shipment has come within 1,000 tons of the present one.

While the St. Johns river is up from the recent rains, it lacks several feet yet of being up to the high water of years ago. It will take a great deal more rain and a Indian hurricane blow of several days to raise the water in Florida streams, lakes and ponds to the point reached many years back. In fact, the high water record dates back almost thirty years.—Volusia County Record.

The Tampa Board of Trade rooms were crowded to the doors Tuesday afternoon with a gathering of representatives of the citizens, who met en masse to express their sentiments with regard to the urgent need of Tampa for twenty-four feet of water in its channel approach to the city. The meeting was in response to an invitation from the United States engineer corps and the citizens of Tampa to publicly make an expression of the desires and needs in the way of deep-water facilities.

APPEARING OLD

There is a bar to profitable employment. You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, a youthful appearance. It is impossible to do this without taking a thorough course of treatment. GIRLS WHO WORK

Girls who work for their living are especially exposed to the dangers of organic feminine disorders. Standing all day, or sitting in cramped positions; walking to and from their places of employment in bad weather all tend to break down their delicate feminine organism.

No class of women are in need of greater assistance, and thousands of letters like the following demonstrate the fact that

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

restores the feminine system to a strong, healthy, normal condition.

Miss Abby F. Barrows, of Nelsonville, Ohio, writes to Mrs. Pinkham:

"I was very sick, had dull headaches, pain in my back, and a feminine weakness. I had been to several doctors and they did me no good. Lydia E. Pinkham's Vegetable Compound made me well and strong, and I can do most any kind of work. I am in better health than I ever was, and it is all due to your medicine."

Miss Lillian Ross, of 530 E. 84th St., New York, writes to Mrs. Pinkham: "I had a female trouble, nervous headaches, and was tired all the time, and could not sleep. Lydia E. Pinkham's Vegetable Compound made me feel so much better that I hope every woman who suffers as I did will try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for feminine ills, and has positively cured thousands of women. Why don't you try it?

Mrs. Pinkham, Lynn, Mass., invites all sick women to write her for advice.

T. Beach, manager of the Pensacola branch of the Cudahy Packing Company, was fined \$100 and costs in the recorder's court in that city, the complaint coming from a customer who had purchased three hams from the packing house, and who claimed that all three were spoiled and unfit to be sold. Several sanitary inspectors were also witnesses in the case, and each of them claimed the hams to be spoiled. The manager stated in court that he did not know the hams to be in such condition, and that he would have refunded the money had he been notified. The court, however, upon the testimony of the customer, who claimed he had upon three occasions notified the packing house, assessed a fine of \$100 and costs.

WASHINGTON ELECTIONS.

Republican Candidate for Senator is Probably a Winner.

Seattle, Wash., Sept. 11.—Returns from the primary election are yet far from complete. The selection of Wesley L. Jones as the republican candidate for United States senator is assured.

Belated returns increase the majority of Mr. Jones over Senator Levy Ankey.

In the race for governor the returns indicated that none of the republican candidates has received the necessary forty per cent of the party vote to secure the nomination on first choice ballots, in which event it will be necessary to count the second choice votes.

There are indications that S. G. Cosgrove of Pomeroy will secure the nomination on first and second choice votes. In the race Henry McBride of Seattle is second and Governor Albert B. Nyd is third.

HE DESTROYED PLATES.

Evangelist Resented Publication of a Book of His Sermons.

Chicago, Sept. 11.—"Billy" Sunday, former professional baseball player, but now an evangelist, resented the publication of a book of his sermons by a publishing company of Hammond, Ind., by dashing into the stereotyping rooms of the publishing house and demolishing the plates with a big mallet. At the conclusion of his performance he broke down and wept.

Sunday was incensed because 1,000 copies of the book had been issued without his permission. It had been his intention to gather his sermons and have them published himself.

Bryan's Chances Bright.

Atlanta, Sept. 11.—Hon. Joseph M. Brown, of Marietta, democratic nominee for governor of Georgia, was in Atlanta in conference with his campaign manager, Hon. J. R. Smith, at the New Kimball, and before returning to Marietta, gave out an interview in which he declared Bryan's chances of success in the fall were never better. Mr. Brown returned to Marietta after an absence of several weeks in the mountains of North Carolina, where he has been recuperating from the effects of the recent campaign.

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocket-book—is obtained readily through advertising, and with difficulty, or not at all, through other means.
